SEMA Member Discount

SEMA Members Get An Additional 10% Off Kinematics & Compliance Testing at Morse Measurements

Work with the SEMA Vehicle Dynamics Technology Program to improve your product and comply with current and future regulations. Suspension Kinematics & Compliance (K&C) testing is a key component and SEMA members will get an additional 10% off K&C testing at Morse Measurements when their test is facilitated through the SEMA Vehicle Dynamics Technology Program. Please contact Ed Browalski at acec.browal@comcast.net or John Waraniak at johnw@sema.org.

The Vehicle Dynamics Technology Program will be highlighted with presentations, demonstrations and simulations in the Vehicle Technology Center at the 2011 SEMA Show.
